

2025 Residential Insulation & Air- Sealing Application

The following information is provided as part of the PowerSavers conservation program to encourage residential customers to select and install energy efficient equipment for their facilities. This program is a joint offering from participating utilities of the Minnkota Power Cooperative (MPC) and the Northern Municipal Power Agency (NMPA).

Instructions for Use:

For complete instructions, please refer to the Terms and Conditions on page 6.

Step 1: Determine Eligibility:

- Equipment must be new and installed in a residence served by one of the participating municipal or cooperative utilities listed on page 2.
- Incentives may vary by utility, please refer to your member cooperative or municipal system before submitting your rebate(s).
- Must have electric heat as the primary heating source.
- Existing home upgrades only. Not available for new home construction. New construction is defined as a home built within the last two years.
- Incentives are not eligible for garages, sheds or workshops.

Step 2: Install Equipment.

- Recommend working with a qualified insulation contractor or energy auditor to determine the best air-sealing and insulation for your home.
- If self-installed, the maximum incentive is based on the material cost only (e.g. cost of insulation).

Step 3: Complete and sign the application. Forms must be received within 60 days of installation.

Incomplete applications will cause delays in payment.

Step 4: Mail completed application and a copy of the itemized invoice to your participating utility, listed on page 2 of this form.

Terms and Conditions

1. **Incentive Offer:** Projects must be implemented (completed) by **December 31, 2025**. An original signed application and invoices for materials and labor must be delivered to the participating utility at the address located on page 2 of this application **within 60 calendar days of installation (completion)**. Please keep a copy for your records.
2. **Proof of Purchase:** This application must have complete information and be submitted with an invoice itemizing the **new equipment purchased**. The manufacturer (OEM) specification sheet(s) are needed only if an AHRI certificate is not available. The invoice must indicate date of purchase, size, type, make, model and total project cost.
3. **Compliance:**
 - a. All projects are expected to comply with federal, state, and local codes.
 - b. All equipment must be new or retrofitted with new components per the program specifications. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed or permanently disconnected.
 - c. Equipment must meet specification requirements and be purchased and operating prior to submitting an incentive application.
 - d. Customers may only receive one incentive per piece of qualifying equipment.
 - e. If the project is in a leased building, the term of the lease must be at least five (5) years.
4. **Payment:** Once completed paperwork is submitted, incentive payments are usually made within 45 calendar days. Incomplete applications will either delay payments or be denied. The participating utilities reserve the right to refuse payment and participation if the customer or contractor violates program rules and procedures. All projects exceeding \$5,000 in incentives will be inspected prior to incentive payment.
5. **Inspection:** Program staff may conduct an inspection of the facility to survey installed projects.
6. **Publicity:** The participating utilities reserve the right to publicize your participation in this program, unless you specifically request otherwise.
7. **Program Discretion:** Incentives are available on a first-come, first-served basis. This incentive is subject to change or termination without notice at the discretion of the participating utilities.
8. **Logo Use:** Customers or allies may not use the participating utilities' name or logo in any marketing, advertising, or promotional material without written permission.
9. **Disclaimers:** The participating utilities
 - a. Do not endorse any particular manufacturer, product, labor or system design by offering these programs;
 - b. Will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - c. Do not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties);
 - d. Is not responsible for the proper disposal/recycling of any waste generated as a result of this project;
 - e. Is not liable for any damage caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment.

INCENTIVE LIMIT:

An incentive exceeding \$5,000 must receive written approval **before** project installation. Total incentives paid are limited to \$10,000 per customer per year. Total incentive not to exceed 50 percent of the project cost.

ELIGIBILITY:

These incentives are offered by member utilities of the Minnkota Power Cooperative, Inc. and the Northern Municipal Power Agency. For questions regarding eligibility, call your local utility listed on page 2.
